

Participant Feedback:

"It's a great chance to meet new people who are involved in a variety of businesses and a real opportunity to share information and ideas. Thanks for creating this opportunity for people to come together and learn from each other"

"I made many contacts at the first networking group I attended. I followed up on some leads and I think I will get some new clients as a result. I think the sessions are very helpful for everyone who attends."

"I found it very interesting and helpful. I think it is a great idea and was surprised that Antigonish didn't already have one."

"It was good to have a chance to meet people who are also building their business. This kind of supportive network is very helpful, especially when you are new to a community."
